

Meetings - Outgoing

From the Belgian coast to Marrakesh, visiting on the way...

To reward your business partners, stimulate your salespeople or show your gratitude to your staff, you would like to offer them a journey far from the worries of the office to enable them to recharge their batteries and get to know each other better...

MeeTincS can organise a stay in Marrakesh for you, a working weekend in the heart of the Alps at Grindelwald or Samnaun, for example, or even Barcelona, Venice, Provence or quite simply on the Belgian coast...

MeeTincS will organise your programme from the departure to the return. Your stay will be arranged without any unnecessary increase in costs through requesting on-site organisation through other event companies, thus ensuring you the fairest rates.

Are you looking for some new ideas for a programme of events ? Why not try a motivational teamwork trip to Alsace : 30 hours away from the office ! [Click here to look at the brochure.](#)
